TIER III

\$500 & Award

{ Tier I: 3-13 Chapter Members • Tier II: 14-29 Chapter Members • Tier III: 30+ Chapter Members }

*We're excited to announce the AADOM Chapters of the Year Program! The AADOM Chapter from each category with the most points earned between July 1 and June 30 will receive the distinction of Chapter of the Year!**

AADOM's mission is to provide opportunities for continuing education, networking and professional growth. We want to recognize our chapter's outstanding efforts to bring this mission to life at the local level. This program is based on a points system that allows chapters to accumulate points in many different ways. (See the Point System Chart above.)*

The Chapters of the Year program runs July 1 of any calendar year through June 30 of the following calendar year. On June 30, the chapters accumulating the most points from the previous 12 months (July 1 of previous year) within the chapter size categories of Tier I, Tier II and Tier III, will be named the Chapter of the Year. The number of chapter members that define a tier is subject to change.

Winning chapters will be presented with the following at AADOM's Annual Conference: \$500 Prize, Engraved Award, Certificate of Recognition

The current Chapter of the Year winners will be recognized at the Annual AADOM Conference, in the November edition of The OBSERVER Magazine and in a "This Week at AADOM" newsletter following the conferece.

Visit the AADOM website > Chapters Heading > Chapter Leader Resources Page to view the current Chapters of the Year Leaderboard. This shows the most recent chapter point totals for each active chapter eligible to participate in the program.

**To participate in the Chapter of the Year program, chapters must have achieved one full year of approved chapter status.*
